1 Definitions

- Timeline/Story: a news story that has gained significant media attention. News stories are displayed as timelines of articles (e.g. Iran Israel conflict)

- Article/Event: a significant event in some news story, represented in our application by a news article, whose title can be something like "Iran fires rockets from Golan heights"

- Keyword/Topic: a relevant word or set of words that represent the content of an article (e.g. Iran, Middle-East, Conflict). Keywords are extracted from news articles using textRazor.

2 Searching for a news story

Open the Newstime webpage on your browser. You can enter a search query for a news story in the "Search timelines" box on the top right of the page.
